As a junior web developer, I am enthusiastic about self-directed learning and constantly improving my skills.

I am proficient in various languages and technologies, such as Python, JavaScript, HTML5, CSS3, Node.js, React.js, and Flask. I am always eager to take on new challenges and continue to grow in the field of web development.

PROFESSIONAL EXPERIENCE

Bilingual Customer Service Representative, *Contacta SAS BIC* ⧉   02/2023 — present   Barranquilla, Colombia

Bilingual scheduler overseeing operations at a multi-facility imaging center calling department.

Efficiently managed incoming calls from three locations, scheduling appointments, and ensuring compliance with HIPAA regulations for patient health information.

Supervised a 15-person team, resolving complex issues and ensuring smooth operations. Collaborated with clinical staff and C-level executives to address urgent matters promptly.

SKILLS

JAVASCRIPT   REACT.JS

NODE.JS   HTML5   CSS3

GIT   SQL

LANGUAGES

Spanish (Native)   English (B2)

PROJECTS

Magdal, *React JS Fake Store* ⧉

A mock online store created with React JS, CSS, and API integration. The backend API, built using Node JS and Express JS, supported data handling and interactions within the application.

Login front-end, *Practice project.* ⧉

This is a HTML and CSS project in which I use css grid and flexbox, icon management, images and css filters, etc.

Hotel Booking Project, *Academic project.* ⧉

This was an academic project created with a classmate and me using Python Flask, HTML, CSS, and SQLite3

CSS effects and animations, *Course project.* ⧉   01/2022

Academic project on effects and animations with CSS
